MAGNETIC ADD-ON PLATE · ACCESSORY

MAGNETIC WEIGHT PLATE

SKU SEB-MMAOP assassingoods.com

TOOL: NONE REQUIRED

0.75KG

2 strong magnets

0.75KG MAGNETIC PLATE

INTRODUCTION

Mini 0.75KG weight with two high-strength magnets for stable adsorption. Ideal for precise micro-weight adjustment and progressive training on dumbbells, barbells and iron fitness equipment.

SPECIFICATIONS

Weight	0.75KG (± 0.5g)
Structure	2 strong magnets
Material	Carbon steel + anti-rust finish
Fit	All iron fitness equipment

HOW TO USE

Install
Clean the surface, attach and press firmly. Use symmetrically.

Remove
Push sideways to release. Do not pull vertically.

FEATURES

Strong concentrated magnet force, no tool needed, portable, scratch & rust resistant.

SAFETY

Contains a strong magnet. **Keep away from pacemakers, medical devices, phones and magnetic cards.** Keep away from children. For iron surfaces only. Do not drop or strike. Check adhesion before every use.

MAINTENANCE

Keep dry and clean after use; store in a dry place. Stop use if damaged.

⚠ WARNING

1. Using this product on rough surfaces may cause scratches.
2. No dropping, impact or heavy vibration.
3. Keep sharp tools away from the magnetic surface and magnet assembly.
